Product Description

300 00Shots Long Lasting3 HIFU Beauty Machine With 100V-240V Voltage For All Skin

Product Description:

The HIFU Face Lift Device is built with energy output ranging from 0.1J to 2.5J (0.1J/step), making it suitable for all skin types. The device comes equipped with adjustable spacing technology, offering users a range of spacing options from 1.0mm to 10mm (0.5mm/step). This ensures that you get the most accurate and customized treatment possible, based on your individual skin needs. With the Hydrafacial Beauty Machine, you can achieve a younger, fresher, and healthier-looking complexion without undergoing any surgical procedures. This product offers a safe, effective, and pain-free way to reduce wrinkles, fine lines, and other signs of aging. One of the key features of this beauty machine is its long lamp life, which is rated at 300,000 shots with IPL technology. This means that you can enjoy reliable and uninterrupted skincare treatments without worrying about frequent replacement costs. If you're looking for an easy and convenient way to improve your skin's appearance, the HIFU Beauty Machine is the perfect solution. Whether you want to reduce fine lines, tighten sagging skin, or improve your overall skin tone and texture, this product has got you covered.

Features:

Product Name: HIFU Beauty Machine

Input Voltage: AC100V-240V

Body Type: Vertical

Material: ABS

Energy Output: 0.1J-2.5J (0.1J/step)

Working Mode: Simultaneous / Independent Control

Introducing the Home-use HIFU Beauty Device, a Non-invasive Skin Tightening Beauty Device that utilizes Ultrasound Facial Care technology for effective and safe facial treatments. With a vertical body type and made of durable ABS material, this device delivers energy output ranging from 0.1J-2.5J (0.1J/step) and can be operated in either simultaneous or independent control working modes.

Technical Parameters:

Input Voltage	AC100V-240V
Energy Type	HIFU (High Intensity Focused Ultrasound)
Material	ABS
Scope	5.0mm-25mm
Pack Size	60*44*46cm
Lamp Longevity	300,000 Shots (IPL)
Suitable Skin Types	All
Energy Output	0.1J-2.5J (0.1J/step)
Body Type	Vertical
Spacing	1.0-10mm(0.5mm/step)

Applications:

The LZR HIFU Beauty Machine is made of ABS material and has a pack size of 60*44*46cm. This HIFU Skin Regeneration Device can be used on all skin types and has a scope of 5.0mm-25mm with a length of 5.0 - 25mm (1.0mm / Step). The HIFU technology used in this device helps to tighten the skin, reduce wrinkles, and stimulate collagen production.

The LZR HIFU Beauty Machine is suitable for various occasions and scenarios, such as:

Beauty Clinics: The HIFU Skin Regeneration Device can be used in beauty clinics to provide customers with non-invasive facelifts. The device is perfect for clients who want to reduce the appearance of fine lines and wrinkles without undergoing surgery.

Spas: The LZR HIFU Beauty Machine can be used in spas to offer customers a relaxing and rejuvenating experience. The device's HIFU technology helps to tighten the skin, reduce wrinkles, and stimulate collagen production, leaving customers with smoother, more youthful-looking skin.

Salons: The HIFU Anti-wrinkle Device is perfect for salons that want to offer their customers a non-invasive alternative to traditional facelifts. The device's HIFU technology helps to tighten the skin, reduce wrinkles, and stimulate collagen production, leaving customers with smoother, more youthful-looking skin.
