## Product Description

### 2 In 1 4D HIFU Beauty Machine Vaginal Tightening Anti Age

#### Product Description:

The HIFU Beauty Machine has a portable and vertical body type, making it easy to store and use. Its pack size is 60\*44\*46cm, which is compact enough to fit into most beauty salons and spas. Additionally, the HIFU Beauty Machine has an energy output of 0.1J-2.5J (0.1J/step), which is adjustable to meet the user's preferences.

The HIFU Beauty Machine is a revolutionary product that provides a safe and effective solution for facial lifting. It uses ultrasound technology to stimulate the production of collagen in the skin, which helps to tighten and lift the skin. The treatment is completely non-invasive and painless, making it an excellent alternative to traditional face lift surgery.

The HIFU Beauty Machine is perfect for people who want to achieve a more youthful and radiant appearance without undergoing surgery or other invasive procedures. It is also an excellent option for people who are looking for a more affordable and convenient alternative to traditional facial lifting treatments.

In conclusion, the 3D HIFU Machine is a must-have for any beauty salon or spa. Its portable and vertical body type, adjustable energy output, and simultaneous/independent control working modes make it a versatile and reliable product. With its non-invasive and painless treatment method, the HIFU Beauty Machine provides a safe and effective solution for facial lifting.

Scope	5.0mm-25mm
-------	------------

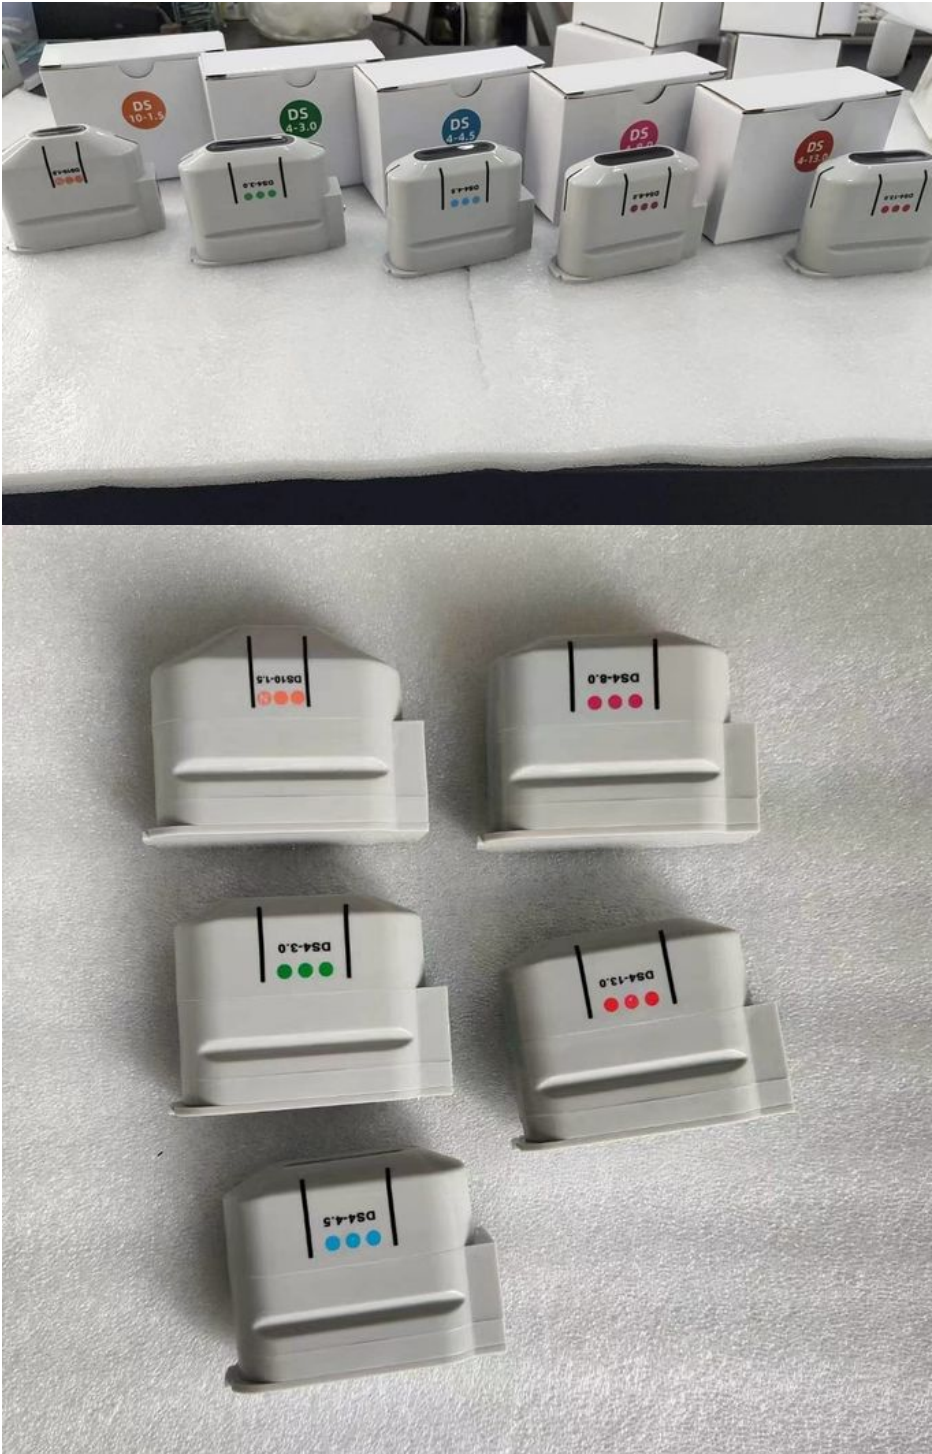

This Facial Lifting Beauty Device, also known as HIFU Skin Regeneration Device, is a portable Beauty Device with technical specifications as shown in the table.

### Applications:

The LZR HIFU Beauty Machine is suitable for a variety of product application occasions and scenarios. It can be used in beauty salons, spas, and clinics to help clients achieve firmer, more youthful-looking skin. This product is also ideal for individuals who want to use it in the comfort of their own home. With regular use, this HIFU beauty machine can help to reduce the appearance of fine lines and wrinkles, tighten sagging skin, and improve skin texture.

The LZR HIFU Beauty Machine is incredibly easy to use, making it a popular choice amongst individuals who want to enhance their beauty routine. Simply adjust the spacing between the device and your skin to 1.0-10mm (0.5mm/step), and switch it on. The HIFU energy type will then work to penetrate the deeper layers of your skin, stimulating collagen production and providing you with a rejuvenated complexion.

This ultrasound anti-aging device is supplied in regular packaging and can be delivered within 5-8 working days. Customers can pay for their order using L/C or T/T, and the product has a supply ability of up to 10000 pieces/month. The pack size of the LZR HIFU Beauty Machine is 60\*44\*46cm, and the specification is packing, 64 X 81 X 131 Cm.
