Basic Information

- Place of Origin: china
- Brand Name: LZR
- Certification: CE
- Model Number: RL
- Minimum Order Quantity: 1
- Price: confer
- Packaging Details: Standard export packing
- Delivery Time: 5-8days

Product Specification

- Name: LED Phototherapy Machine
- Yellow Waveleth: 589 Nm
- Power Supply: Electric-Powered
- Timing Range: Adjustable For 15-60minutes
- Laser Output Power: ≤ 5 Mw
- Wave Length: 200NM - 900NM
- Red Light Wavelength: 660 Nm
- Relative Humidity: $\leq 85\%$
- Highlight: 585nm LED Phototherapy Machine,
590nm LED Phototherapy Machine,
200pcs LED Phototherapy Machine

Product Description

585-590nm Yellow Wave Light Therapy Machine With Adjustable Timing

Product Description:

The LED Phototherapy Machine is designed with a Battery Capacity of 1600mAh, ensuring that you can use it for an extended period without worrying about running out of battery. Additionally, it is built with a Relative Humidity of $\leq 85\%$, making it a safe and efficient device to use in any environment.

The LED lights used in the machine are scientifically proven to have multiple benefits for the skin, including reducing inflammation, increasing collagen production, and improving skin texture and tone. The LED Phototherapy Machine is a great tool for eczema treatment, thanks to its ability to soothe and heal irritated skin.

Using the LED Phototherapy Machine is simple and straightforward, making it a great tool for those who want to incorporate skin therapy into their daily routine. Simply turn it on and select the desired light mode to begin your treatment. The machine is also portable, making it easy to take with you wherever you go.

In conclusion, the LED Phototherapy Machine is a powerful and effective tool for anyone looking for a simple and convenient way to treat skin problems such as eczema. Its 200pcs of LED lights emitting a wave length of 200NM - 900NM, Battery Capacity of 1600mAh, Relative Humidity of $\leq 85\%$, and science-backed benefits make it a must-have for anyone looking for an easy and efficient way to care for their skin.

Features:

Product Name: LED Light Therapy Machine

Actual Wattage: 300W

Voltage: 110V 220V

Yellow Waveleth: 589 Nm

Power Supply: Electric-Powered

Led Quantity: 200pcs

Technical Parameters:

Product Name:	Red & Blue LED Light Therapy Machine
Product Type:	Beauty Light Therapy Device
Timing Range:	Adjustable For 15-60 minutes
Power Supply:	Electric-Powered
Yellow Waveleth:	589 Nm
Actual Wattage:	300W
LED Chip:	5W LED
Relative Humidity:	$\leq 85\%$
Supplier Type:	Top 10 Direct Manufacturer From China
LED Quantity:	200pcs
Battery Capacity:	1600mAh
Wave Length:	200NM - 900NM
Product Features:	LED Facial Light Therapy System

Applications:

The product is ideal for use in a range of skin therapies, including treating acne, reducing fine lines and wrinkles, and improving skin tone and texture. This makes it a great tool for anyone looking to improve their overall skin health. Additionally, it can be used for eczema treatment. The LED Light Therapy Machine's wavelength range of 200NM - 900NM provides a wide spectrum of light that makes it effective for treating different skin conditions.

The LED Light Therapy Machine is also useful for LED facial light therapy system. It is designed to help reduce inflammation and redness, and to improve skin circulation. The device is easy to use, and its timing range is adjustable for 15-60 minutes, depending on your needs. The battery capacity of 1600mAh ensures that it can be used for extended periods without needing to be recharged. Whether you are a professional beauty therapist or a home user, the LED Light Therapy Machine can be a valuable addition to your

skincare routine. Its voltage of 110V - 220V means that it can be used in many countries without requiring a voltage converter. As a top 10 direct manufacturer from China, you can be assured of the quality of the product.
