Package Size	75*54*54cm3
Style	Stationary, Vertical
Pulse Duration	10-400 Ms
Machine App	Permanent Laser Hair Removal Machines
Cooling Fan	2pcs Fans
Spotsize	12mm*12mm
Power	600W
Display	15-inch Touch Screen
Energy Density	Up To 120 J/cm2
Safety Features	Skin Contact Cooling, Automatic Power Cut-off

This Hair Removal Laser Machine is a professional and permanent hair removal device designed for a painless hair removal system. It comes with a 15-inch touch screen display, 600W power, and up to 120 J/cm2 energy density. The machine app is for permanent laser hair removal machines. It has safety features such as skin contact cooling and automatic power cut-off. The cooling fan has 2pcs fans and the spotsize is 12mm*12mm. It is a stationary, vertical style machine with a pulse duration of 10-400 Ms.

Applications:

The Hair Removal Laser Machine is incredibly versatile and can be used for a wide range of hair removal applications. It is particularly effective at removing unwanted hair from the face, legs, arms, underarms, and bikini area. The machine features a powerful 1200W laser that targets the hair follicle and destroys it at the root.

One of the key features of the Hair Depilator Machine is its skin contact cooling system. This system helps to protect the skin from damage during treatment by cooling it before, during, and after the laser is applied. Additionally, the machine features an automatic power cut-off system that ensures that the laser is only activated when it is in contact with the skin.

The Hair Removal Laser Machine is designed to be both stationary and vertical, making it easy to use in a variety of settings. Its sleek, modern design makes it a great addition to any salon or spa. Additionally, the machine comes with a range of safety features to ensure that it is used safely and effectively.

Overall, the Hair Depilator Machine is an incredibly powerful and effective tool for permanent laser hair removal. Its versatility, power, and safety features make it an ideal choice for professional settings. Whether you are looking to remove hair from your face, legs, arms, or bikini area, the Hair Removal Laser Machine is an excellent choice.
