**Applications:**

1. Non-surgical treatment: no injection, no wound, no drugs, no anesthesia in the whole treatment process.
2. Safety: it selectively takes effects on the target fat cells, destroying the fat cells thoroughly, and then the fats cells are removed by the absorption and decomposition of human body' s natural endogenous metabolism. Meanwhile, the surrounding epidermis, blood vessels and nerves remain unharmed. There is no risk of infection and trauma. A safe body shaping is promised.
3. Intelligent design: Intelligent control, touch operation, visual interfaces, Easy to learn, safe and convenient.
4. Convenience: The whole treatment is comfortable, no need to wear a shaper corset, no down-time, without any affects to normal life and work.
5. Effective results: After one treatment, 2cm fat will be reduced; after 3 treatments, 5-8cm fat will be removed. Remarkable slimming results without bounce.

**Customization:**

1. body thinner, skin tightening.
  2. Fat reduction.
  3. Body slimming, body shaping.
  4. To promote and accelerate the body's metabolism.
