## Product Description

### Professional 1000W IPL Machine With 3\*755nm 4\*808nm 3\*1064nm Laser Bar

#### Product Description:

This Portable Laser Beauty Machine is designed to cater to your skin care needs wherever you go. Its compact size makes it easy to store and carry around, so you don't have to miss out on your beauty treatments while you're on the go. The five treatment heads allow you to target specific areas of your face and body, making it a versatile machine that can provide a range of treatments. The Laser Bar Number is impressive with 3\*755nm; 4\*808nm; 3\*1064nm, which provides a powerful and effective treatment that can help with a range of skin concerns. The 755nm wavelength is best suited for light skin tones and targets hair follicles, while the 808nm wavelength is best suited for medium to dark skin tones and helps with hair removal. The 1064nm wavelength is ideal for all skin tones and helps with skin rejuvenation, tightening, and pores. This Co2 Laser Beauty Machine is a must-have addition to your beauty routine. It can provide a range of treatments that can help with acne, wrinkles, fine lines, dark spots, and more. Invest in your skin and experience the benefits of our Hydrafacial Beauty Machine today.

#### Features:

Product Name: Laser Beauty Machine  
Treatment Heads: 5 Pieces  
Output Power: 40W  
Style: Portable  
Model: LB-100  
Screen Size: 15.6 Inches  
This Aesthetic Laser Machine is perfect for home use as a Beauty Machine.

#### Technical Parameters:

This is a Home Use Beauty Machine, also known as IPL Laser Beauty Machine or Home Laser Hair Removal Machine.

#### Applications:

The Laser Beauty Machine is an excellent choice for treating skin conditions such as acne, wrinkles, dark spots, and fine lines. It can also be used for hair removal, skin rejuvenation, and even tattoo removal. The device uses a combination of hydrafacial and aesthetic laser technology to provide you with the most effective treatment options.

With a 15.6-inch screen, our Laser Beauty Machine is easy to use and provides a clear view of the treatment area. Its portable design means that it can be easily transported to different locations, making it perfect for beauty salons and spas that offer mobile services. The Laser Beauty Machine has a frequency range of 1-6Hz, which ensures that it can deliver fast and efficient treatments. This feature makes it ideal for busy salons and spas that need to provide quick treatments to their clients.

Overall, our Laser Beauty Machine is a must-have for any beauty salon, spa, or home user. Its versatility, ease of use, and portability make it an excellent investment for anyone looking to provide top-quality beauty treatments. So why wait? Order your Laser Beauty Machine today and start offering your clients the best beauty treatments available!

#### Customization:

Our Co2 Laser Beauty Machine model LB-100 is customizable to meet your specific needs. We offer product customization services for the treatment probes, pulse width, frequency, and treatment heads. The LB-100 comes standard with 5 treatment probes and 5 treatment heads, but we can customize the number of probes and heads to fit

your requirements.

We also offer customization of the pulse width, with a range of 0.02~0.99s, and frequency, with a range of 1-6Hz. This allows for precise and effective treatments.

Whether you are a beauty salon looking for a high-quality machine or an individual seeking a fractional Co2 Laser Beauty Machine, we can customize the LB-100 to meet your needs.
