## Product Description

### 40W CO2 Laser Machine With 1-6Hz Repitition Rate And 8-Inch Touchscreen

#### Product Description:

The LB-100 has an output power of 40W, which ensures that it can deliver high-quality results consistently. This makes it an ideal choice for commercial use in beauty salons. The machine is easy to use, and its compact design makes it easy to move around and store. One of the key benefits of the LB-100 is its versatility. It can be used for a wide range of treatments, including hair removal, skin rejuvenation, pigmentation removal, and acne treatment. This makes it an excellent investment for any beauty salon looking to expand its range of services.

The LB-100 is a reliable and efficient Hair Removal Laser Machine that can help your clients achieve their beauty goals quickly and easily. Its advanced technology ensures that it delivers safe and effective treatments every time. The machine is also easy to maintain, which means that it can provide long-term value for your business.

In conclusion, if you are looking for a versatile and reliable Beauty Salon Machine that can deliver fast and efficient results, the LB-100 Laser Beauty Machine is an excellent choice. Its advanced technology, high output power, and ease of use make it the perfect investment for any beauty salon looking to expand its range of services.

#### Features:

Product Name: Laser Beauty Machine

Screen: 8-inch Touchscreen

Application: For Commercial

This is a Beauty Device that is designed to be a portable and easy to use Beauty Machine. It has a 8-inch Touchscreen display and an output power of 40W. The Laser Bar Number is 3\*755nm; 4\*808nm; 3\*1064nm, and the wavelength range is 430/480/530/560/640/690 ~ 1200nm. The frequency is adjustable from 1-6Hz, and the energy density can be adjusted from 1-10J/cm<sup>2</sup>. It comes with 5 Treatment Probes and has a 15.6 Inches Screen Size.

#### Applications:

The Laser Beauty Machine is perfect for use in a variety of occasions and scenarios. It is ideal for those who want to save time and money on expensive salon treatments, but still want to achieve professional results from the comfort of their own home. With its portable design, it can be easily moved from room to room or even taken on the go for travel.

One of the best applications for the Laser Beauty Machine is for hair removal. It can be used to safely and effectively remove hair from the face, arms, legs, and other areas of the body. Its powerful laser technology can target hairs at the root, resulting in long-lasting hair removal that is much more effective than traditional hair removal methods like shaving or waxing. This makes it an excellent choice for those who want to achieve smooth, hair-free skin without the hassle of daily shaving or painful waxing.

The Laser Beauty Machine is also great for skin rejuvenation treatments. Its laser technology can help to stimulate collagen production, reduce fine lines and wrinkles, and improve overall skin texture and tone. This makes it an excellent choice for those who want to achieve a more youthful, radiant complexion without the expense and downtime of more invasive cosmetic procedures.

Overall, the Laser Beauty Machine is an excellent choice for anyone looking for a powerful, portable, and effective home use beauty machine. Whether you are looking to achieve smooth, hair-free skin or improve the overall look and feel of your complexion, this machine has everything you need to achieve professional quality results from the comfort of your own home.

#### Customization:

We offer product customization services for our Laser Beauty Machine, LB-100. Our beauty machine comes with 5 pieces of treatment heads, an 8-inch touchscreen display, and an output power of 40W, making it perfect for commercial use. Our team can customize the LB-100 to meet your specific needs, whether you require additional treatment heads or a different type of screen. We can also tailor the output power to suit your requirements. The LB-100 is a versatile machine that can be used for a variety of applications, including hair removal, skin rejuvenation, and pigmentation treatment. It is an IPL laser beauty machine that utilizes E light technology to deliver precise and effective results. Contact us today to learn more about our product customization services and how we can help you get the most out of your LB-100 beauty machine.
