Product Description

1.0-10mm Spacing Disposable Face Mask Making Machine With 1.5mm Cartridge

Product Description:

With options for both single and continuous treatment modes, this machine can be customized to meet your specific needs. The spacing feature allows for precision control, with a range of 1.0-10mm (0.5mm/step). This ensures that you can target specific areas of the face or body with accuracy and ease.

In addition to its customizable settings, this machine also offers OEM and ODM services, making it a great option for businesses looking to offer skin rejuvenation treatments to their clients. The machine comes with a variety of cartridges, including 1.5mm, 3.0mm, 4.5mm, and 13mm (optional). This range of cartridges allows for a variety of treatments, from facial rejuvenation to cellulite reduction.

One of the standout features of this machine is its powerful motor flow of 70L. This ensures that treatments are delivered efficiently and effectively, with minimal discomfort to the client. Whether you're looking to offer skin tightening, wrinkle reduction, or fat reduction treatments, this machine has the power and versatility to get the job done.

Features:

Product Name: Skin Rejuvenation Machine

Service: OEM ODM

Energy Output: 0.5-5J

Spacing: 1.0-10mm(0.5mm/step)

DPL Skin Rejuvenation Machine	
Electronic Skin Care Devices	

Applications:

This product is designed to provide comprehensive skin care treatments, including hair and tattoo removal, facial dermabrasion, and anti-aging rejuvenation. It features two treatment modes, single and continuous, allowing users to customize their skincare routines based on their preferences and needs.

One of the key features of the Skin Rejuvenation Machine is its nano microneedle size, measuring 1.5*5*0.24mm. This size is small enough to penetrate the skin's surface without causing any damage or discomfort, making it an ideal device for a variety of skin types and conditions.

The spacing of the microneedles can be adjusted from 1.0-10mm (0.5mm/step), allowing users to target specific areas of their skin and treat them with precision. Additionally, the machine comes equipped with a 15-inch screen that displays all the necessary information, making it easy for users to monitor their progress and adjust their treatments as needed.

The Skin Rejuvenation Machine is perfect for use in beauty salons, spas, and other professional settings. It is also ideal for individuals who want to take their skincare routines to the next level and achieve salon-quality results from the comfort of their own homes.

Overall, the Skin Rejuvenation Machine is a versatile and effective beauty device that can be used in a wide range of applications. Whether you're looking to remove hair and tattoos, exfoliate your skin, or combat the signs of aging, this product has everything you need to achieve your skincare goals.
