Product Description

Professional Ipl Skin Rejuvenation Machine / Facial Skin Analyzer Machine With Adjustable Spot Range

Our Product Introduction

For more products please visit us on hitubeauty-machine.com

Product Description:

One of the standout features of the Skin Rejuvenation Machine is its adjustable spot space, which ranges from 1.5mm-2.5mm in increments of 0.1mm. This allows users to precisely target problem areas and adjust the intensity of the treatment to suit their clients' needs.

The Skin Rejuvenation Machine is also highly versatile when it comes to plugs. It comes with a range of plug types, including Other, AU, UK, EU, US, CN, JP, Za, and It, making it easy to use in a variety of locations around the world.

In terms of energy output, the Skin Rejuvenation Machine delivers a powerful 0.5-5J of energy, ensuring that users can achieve optimal results with each treatment. The machine is also designed for ease of use, with simple controls that allow users to adjust the settings quickly and efficiently.

Overall, the Skin Rejuvenation Machine is an excellent choice for anyone looking for a high-quality electronic skin care device that can deliver exceptional results in acne scar removal, cellulite reduction, and skin rejuvenation. With its versatile plug options, adjustable spot space, and easy operation, it is a must-have for any salon, spa, or clinic looking to offer top-quality skin care treatments to their clients.

Features:

Product Name: Skin Rejuvenation Machine

Use Place: Salon, Spa, Clinic

Plugs Type: Other, AU, UK, EU, US, CN, JP, Za, It

Energy Source: Radio Frequency
