Product Description

200W IPL Skin Rejuvenation Machine With Adjustable Spot Space

Product Description:

This Cellulite Removal Machine comes with a variety of plugs types to choose from, including Other, AU, UK, EU, US, CN, JP, Za, and It. This means that you can use it anywhere in the world without worrying about compatibility issues.

The Skin Rejuvenation Machine comes with a cartridge that has multiple depths to choose from, including 1.5mm, 3.0mm, 4.5mm, and 13mm(optional). This makes it possible to target different layers of your skin to achieve the desired results.

The device has both single and continuous treatment modes, allowing you to customize your treatment according to your needs. The spot space can be adjusted from 1.5mm to 2.5mm with a step of 0.1mm, providing you with unparalleled precision and control.

The Skin Rejuvenation Machine has an IPL power of 200W, making it one of the most powerful facial skin care devices available on the market. The machine works by using focused ultrasound energy to stimulate collagen production in the skin, which helps to reduce wrinkles, fine lines, and other signs of aging.

So, if you're looking for a reliable and effective way to improve your skin's texture and appearance, the Skin Rejuvenation Machine is the perfect solution for you. Order yours today and experience the benefits of having a youthful-looking skin!

Velashape Series --
