Product Description

3 In 1 Vela Adjustable Pressure Cryolipolysis Slimming Machine With Powerful Vacuum

Product Description:

This Fat Freezing Machine uses advanced cooling technology to freeze and destroy fat cells in the targeted area. The cold temperature of -15~5 °C is a perfect way to shock the fat cells and cause them to die off naturally. With its stationary feature, it provides a safe and comfortable experience for every user. You can sit back and relax while the Cryolipolysis Slimming Machine does its job of slimming and toning your body.

The Cryolipolysis Slimming Machine is perfect for those who want to achieve their desired body shape and lose weight without undergoing any surgical procedures. It is a risk-free and painless alternative to liposuction and other invasive weight loss methods. Plus, it is also a more affordable way to achieve your desired body shape without breaking the bank.

This body shaping slimming machine is also very easy to use and operate. It comes with a user-friendly interface that allows you to control the temperature and time settings. You can customize your slimming session depending on your needs and preferences. Plus, it is also very portable and compact, making it easy to store and transport wherever you go.

In conclusion, the Cryolipolysis Slimming Machine is a highly effective, safe, and non-invasive way to achieve your desired body shape and lose weight. With its cavitation feature of 40K, stationary design, and temperature of -15~5 °C, it provides a powerful slimming effect that can help you eliminate unwanted fat and achieve your dream body. Get your Cryo Fat Freezing Machine now and start your journey towards a healthier and more confident you!

Features:

Product Name: Cryolipolysis Slimming Machine

Cavitation: 40K

Laser Wavelength: Laser Diode AlGaInp 635-650nm

Vacuum Pressure: 10-80KPa

Service: OEM ODM

Work Model: Pulse

Technical Parameters:

Vacuum Pressure	10-80KPa
Certifications	CE
Functions	Weight Loss
Service	OEM ODM
Lipolaser	Diodes Liposlim For Fat Removal
Stationary	Yes
Cavitation	40K
Work Model	Pulse
Treatment Areas	Abdomen, Thighs, Arms, Love Handles, Back
Frozen Head Pressure	0-100kpa

No. 3 vacuum RF laser head for face (2pcs tips for replace)		Cavitation head	
Power supply line			

Before and After

handle 1 for face

handle 2 for body

handle 3 for body

handle 4 for body

Applications:

Weight Loss Centers: The Laser Freezing Weight Loss Machine is an ideal product for weight loss centers. This product is designed to freeze the fat cells, which results in the removal of fat from the body. The Cryogenic Equipment used in this machine freezes the fat cells at a temperature range of -15-5°C, which is effective in reducing the fat content. This machine is safe to use and helps in achieving the desired weight loss goals.

Spas and Salons: The Laser Freezing Weight Loss Machine is also suitable for spas and salons. This machine is a non-invasive treatment that is used for fat removal. The Laser Diode AlGalnp 635-650nm in this machine is used for body contouring and is effective in reducing the body fat. The Pulse work model in this machine ensures that the treatment is delivered at the right frequency and intensity.

Health and Wellness Centers: The Cryolipolysis Slimming Machine is also ideal for health and wellness centers. This machine is designed to offer a non-surgical alternative to liposuction. The Diodes Liposlim in this machine is used for fat removal, and it is a safe and effective way of losing weight. This machine is easy to use, and it is suitable for people of all ages.

Beauty Clinics: The HIFU Slimming Machine is also suitable for beauty clinics. This machine is designed to offer a non-invasive solution for fat removal. The Laser Freezing Weight Loss Machine is effective in reducing the fat content, and it is a safe and painless procedure. The Cryogenic Equipment used in this machine ensures that the treatment is delivered at the right temperature, which is effective in reducing the body fat.

In conclusion, the Laser Freezing Weight Loss Machine is a versatile product that can be used in various occasions and scenarios. This machine is effective in reducing the body fat, and it is a safe and non-invasive procedure. The Cryolipolysis Slimming Machine is an excellent alternative to liposuction, and it is suitable for people of all ages.
