

LZR 2700W Pico Laser Machine 532nm 1064nm With Adjustable Off / On Aiming Beam

Our Product Introduction

Basic Information

- Place of Origin: China Guangzhou
- Brand Name: LZR
- Certification: CE
- Model Number: P6
- Minimum Order Quantity: 1
- Price: confer
- Packaging Details: Standard export packing
- Delivery Time: 5-8days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 Piece/Pieces per Month

Product Specification

- Name: 2700W Pico Laser Machine
- Aiming Beam: Diode 655 Nm (Red), Adjustable Off/on
- Voltage: AC220v \pm 10% 50Hz, 110v \pm 10% 60Hz
- Spot Size: 2-10 Mm
- Screen: 12inch
- Laser Pulse: Pico Laser
- Energy Density: ≤ 0.6 J/cm²
- Feature: Skin Tightening, Tattoo Removal
- Light Source: ND:YAG Solid Laser
- Highlight: **Pico Laser Machine 532nm, 2700W Pico Laser Machine**

Product Description

Laser Pulse Pico Laser Picosecond Laser Machine With Adjustable Off/On Aiming Beam

Product Description:

The Picosecond Laser Beauty Machine is equipped with a powerful 2700W laser that delivers impressive results in just a few sessions. This laser is capable of emitting two different wavelengths, including 1064nm and 532nm, which makes it versatile enough to target a wide range of skin concerns.

Whether you are looking to target fine lines and wrinkles, age spots, hyperpigmentation, or other types of skin imperfections, the Picosecond Laser Beauty Machine can help. It is also ideal for those who suffer from acne or rosacea, as it can help to reduce inflammation and promote healing.

In addition to its powerful laser, the Picosecond Laser Beauty Machine also features a 12-inch screen that displays real-time treatment data. This makes it easy to monitor your progress and adjust the settings as needed to achieve the best possible results.

Overall, the Picosecond Laser Beauty Machine is an excellent choice for anyone who wants to improve the overall appearance and health of their skin. Its advanced technology, coupled with its user-friendly interface, make it a top choice for those who demand the very best in laser beauty machines.

Features:

Product Name: Picosecond Laser Machine

Energy Density: $\leq 0.6 \text{ J/cm}^2$

Screen: 12inch

Laser Power: 2700W

Light Source: ND:YAG Solid Laser

Other Name: Picosecond Laser

Aesthetic Laser Machine

Superpicosecond freckle machine

810 skin rejuvenation machine

755NM/1064NM ALEXANDRITE LASER Hair Removal Machine

Technical Parameters:

Aiming Beam	Diode 655 Nm (Red), Adjustable Off/on
Feature	Skin Tightening, Tattoo Removal
Maximum Energy	2000M
Laser Power	2700W
Laser Pulse	Pico Laser
Spot Size	2-10 Mm
Voltage	AC220v \pm 10% 50Hz, 110v \pm 10% 60Hz
Rf Frequency	2M

Light Source	ND:YAG Solid Laser
Energy Density	$\leq 0.6 \text{ J/cm}^2$

Applications:

One of the key features of the LZR P6 is its diode 655 Nm (Red) aiming beam that is adjustable and can be turned on or off. This allows for precision and accuracy during treatment, ensuring that the laser is targeting the right areas. The machine also boasts of two different wave lengths, 1064nm and 532nm, making it suitable for a wide range of skin types and colors.

The LZR P6 also has a maximum energy of 2000M, which enables it to deliver powerful laser pulses that penetrate the skin at high speeds. The energy density is $\leq 0.6 \text{ J/cm}^2$, making it safe and effective for use on the skin.

The machine comes with a 12-inch touch screen, which makes it easy to operate and control. This feature allows for a user-friendly experience, and the touch screen is also large enough to display all necessary information.

The LZR P6 Picosecond Laser Machine is ideal for anyone looking to improve their skin's appearance and overall health. It is particularly effective in treating skin conditions such as acne scars, fine lines, wrinkles, and pigmentation. It is also suitable for laser hair removal, making it a versatile machine that can be used in a variety of beauty applications.

If you are looking for a reliable and effective laser skin rejuvenation machine, the LZR P6 is the perfect choice. Its advanced features and cutting-edge technology make it an excellent investment for anyone in the beauty industry. Whether you are a salon owner or a beauty enthusiast, the LZR P6 laser machine will help you achieve your desired results.

Overall, the LZR P6 Picosecond Laser Machine is an excellent option for those who want to invest in a high-quality laser beauty machine. It is a versatile and reliable machine that can be used in various scenarios, including spas, salons, and beauty clinics. It is also an excellent choice for anyone looking for an 810 skin rejuvenation machine.

PRODUCT DETAILS

Learn more about the product

01

Cryogen Based Dynamic Cooling Device Handpiece, Comfortable for treatment

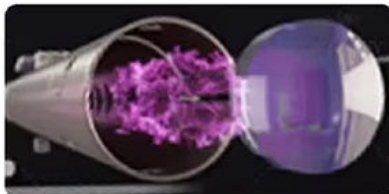

Shooting 40 Million for longer lifetime

02

1.5 to 26mm Spot Sizes

Especially spot sizes 1.5, 3.0, 24, 26mm can be provided as demands

Suitable different parts treatment, treatment faster and save time

03

USA imported lamp and rod

Original USA imported lamp and rod , Energy more stronger, Energy output stable

04

Air Cooled Compatible Handpiece

This device promote patient comfort by directing cold air to the treatment area

Support and Services:

The Picosecond Laser Machine product technical support and services include:

- Installation and set-up guidance
- Troubleshooting assistance
- Software updates and maintenance
- Repair services
- User training and education
- Technical consultations and advice

Packing and Shipping:

Product Packaging:

One Picosecond Laser Machine

One power cord

One footswitch

One pair of goggles

One user manual

Shipping:

Shipping is free within the United States.

International shipping rates may vary.

The product will be shipped within 2 business days of placing the order.

Tracking information will be provided once the product is shipped.

FAQ:

Q: What is the brand name of this laser machine?

A: The brand name of this laser machine is LZR.

Q: What is the model number of this laser machine?

A: The model number of this laser machine is P6.

Q: Where is this laser machine made?

A: This laser machine is made in China Guangzhou.

Q: What is the wavelength of the laser used in this machine?

A: The wavelength of the laser used in this machine is 1064nm.

Q: What type of applications can this laser machine be used for?

A: This laser machine can be used for a variety of applications, including tattoo removal, skin rejuvenation, pigmentation removal, and acne scar treatment.
