

Ultra Pulse / Single Pulse RF Fractional CO2 Laser Multi Language With 7 Joints Arm

Our Product Introduction

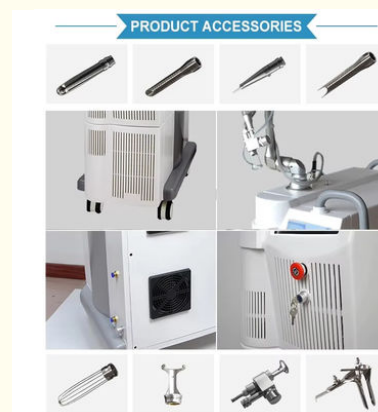

Basic Information

- Place of Origin: China Guangzhou
- Brand Name: LZR
- Certification: CE
- Model Number: Q9
- Minimum Order Quantity: 1
- Price: confer
- Packaging Details: Standard export packing
- Delivery Time: 5-8days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 Piece/Pieces per Month

Product Specification

- Name: RF Fractional CO2 Laser
- Laser Type: Fractional CO2 Laser
- Net Weight: 45kg
- Language: Multi-language
- Size: 360x450x1250mm
- Output Mode: Ultra Pulse, Single Pulse, Fractional
- Laser Power: 40 Watts
- Style: Portable
- Light Guiding System: 7 Joints Arm
- Highlight: Single Pulse RF Fractional CO2 Laser, RF Fractional CO2 Laser Multi Language

Product Description

40 Watts Fractional CO2 Laser With 7 Joints Arm And Multi Language System

Product Description:

The CO2 laser technology used in this machine is top of the line and highly effective. However, it is important to note that proper safety precautions must be taken when using this machine. We highly recommend using CO2 laser safety goggles to protect your eyes during operation.

In addition to the RF Fractional CO2 Laser, we also offer other laser machines including the ND YAG laser machine and the picosecond laser machine. Our team of experts can help you choose the right laser machine for your specific needs.

Features:

Product Name: RF Fractional CO2 Laser

Operation System: Ultrasonic

Laser Working Mode: Continuous

Laser Power: 40 Watts

Aiming Beam: 650nm, ≤5mw

Output Mode: Ultra Pulse, Single Pulse, Fractional

This Skin Rejuvenation Fractional CO2 Laser Machine utilizes an IPL RF ND YAG Laser and produces a laser beam with a power of 40 Watts. The laser works in Continuous mode and has an Aiming beam of 650nm with a maximum power output of ≤5mw. The machine also has an Output mode that can be switched between Ultra Pulse, Single Pulse, and Fractional. Make sure to wear CO2 Laser Safety Goggles while operating the machine.

Technical Parameters:

Language	Multi-language
Operation System	Ultrasonic
Power	40 Watts
Laser Type	Fractional CO2 Laser
Fractional Working Mode	Interval Continuous Working
Laser Power	40 Watts
Output Mode	Ultra Pulse, Single Pulse, Fractional
Style	Portable
Aiming Beam	650nm, ≤5mw
Laser Arm Origin	From South Korea

This Fractional RF Machine, CO2 Fractional Machine, and Fractional Co2 Laser Equipment has a power of 40 Watts and an Ultrasonic operation system. It offers Multi-language support and has Fractional working mode in Interval Continuous Working. The laser type is Fractional CO2 Laser with Laser Power of 40 Watts. The output mode includes Ultra Pulse, Single Pulse, and Fractional. It is portable in style and has an Aiming Beam of 650nm, ≤5mw. The Laser Arm Origin is from South Korea.

Applications:

The LZR Q9 CO2 Fractional Machine can be used for a range of skin resurfacing treatments, including acne scars, facial rejuvenation, and wrinkle reduction. It can also be used to treat pigmentation disorders, such as age spots and sun damage. The Fractional RF technology used in this machine allows for deeper penetration of the laser, resulting in more effective treatments with less downtime. This technology also stimulates collagen production, which can lead to long-lasting improvements in skin texture and tone.

In addition to its cosmetic applications, the LZR Q9 CO2 Fractional Machine is also used in medical settings. It can be used for the treatment of vaginal atrophy and other gynecological conditions. The machine's DPL Laser technology is particularly effective in treating these conditions, as it promotes tissue regeneration and healing.

The LZR Q9 CO2 Fractional Machine is a popular choice for dermatologists, plastic surgeons, and other medical professionals. Its portability and multi-language capabilities make it a versatile and accessible option for professionals around the world. Whether used for cosmetic or medical purposes, the Q9 model provides powerful and precise treatment options for a range of skin conditions.

Customization:

VAGINAL TIGHTENING NATURAL MEDICAL FRACTIONAL CO2 LASER SYSTEM

Application

Thermal radiation make Mucosa tissue contraction and collagen fibers thereby improving and restructuring vaginal tightening.

1. Shrink vagina: rapid tightening, constriction, lasting firmness.
2. Beautify vagina: dilute pigment, pink labia.
3. Moist vagina: increase secretion, eliminate dryness.
4. Maintenance vagina: deep rejuvenation, prevent aging.
5. To improve sensitivity.
6. Private health, balance PH, improve the internal environment.

PRODUCT FEATURES

Skin care

1. Remove acne, acne scar, scar and so on;
2. Dispel wrinkle around the eyes, crow' s-feet, and wrinkle formed by lack of wate;
3. Effectively reduce the wrinkle on the face, forehead, the joints and striae gravidarum;
4. Dispel freckle, nevus zygomaticus and other spots formed by hyperchromic pathological changes;
5. Tighten skin and lift face;
6. Remove striae gravidarum and other deep scars.
7. Vaingal tighten and rejuvenation .

2 IN 1 VAGINAL TIGHTENING DEVICE CO2 LASER & ACNE SCAR REMOVAL MACHINE

THE PRINCIPLE OF

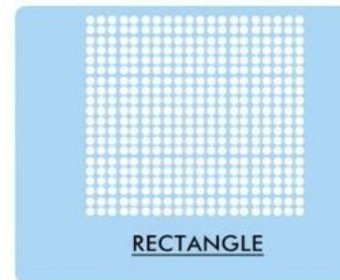

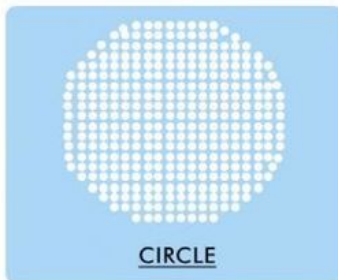

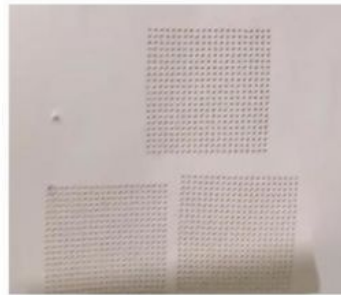

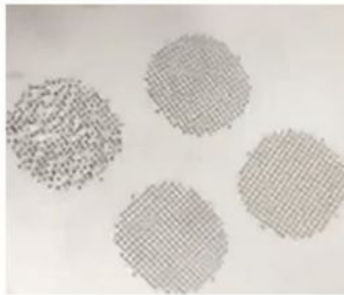

CO2 laser can induce heat shock response (HSR), which can produce heat shock protein (HSP). Heat shock protein 70 can be transformed into growth factor β under laser irradiation. Key role in inducing cells to produce collagen and extracellular matrix.

The private youth laser acts on the vaginal mucosa layer and muscle layer, stimulates collagen fibers, elastic fibers, reticular fibers and organic substrates in the lamina propria and muscle layers, and reshapes the vagina.

Support and Services:

The RF Fractional CO2 Laser product is equipped with advanced technical support and services to ensure optimal performance and customer satisfaction. Our team of trained technicians and engineers provide the following support:

Installation and setup assistance

Product training and education

Technical troubleshooting and repair services

Product maintenance and calibration

Software updates and upgrades

Remote technical support via phone or email

On-site technical support when necessary

We are committed to providing timely and comprehensive support to our customers to ensure minimal downtime and maximum productivity. Contact us for more information on our technical support and services.

Packing and Shipping:

Product Packaging:

1 RF Fractional CO2 Laser machine

1 Handpiece

1 Footswitch

1 Power cord

1 Water funnel

1 Key

1 User manual

Shipping:

Shipping will be handled by our trusted shipping partners.

Shipping cost will be calculated based on the destination and weight of the package.

Shipping time will depend on the destination and shipping method chosen.

Customers will receive a tracking number once the package has been shipped.

Any customs or import duties will be the responsibility of the customer.
