

Big Touch Screen 4MHz Home Beauty Machine 110V 220V For Beauty Clinic

Our Product Introduction

For more products please visit us on hifubeauty-machine.com

Basic Information

- Place of Origin: China Guangzhou
- Brand Name: LZR
- Certification: CE
- Model Number: su5
- Minimum Order Quantity: 1
- Price: confer
- Packaging Details: Standard export packing
- Delivery Time: 5-8days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 Piece/Pieces per Month

Product Specification

- Name: Home Beauty Machine
- Frequency: 4MHZ
- Voltage: 110V/220V10% 60HZ 10A
- Rf Polar: Monopolar
- Suitable For: Beauty Clinic/centre/salon/home Use
- Treatment Tips: 5pcs(F-S/F-M/F-L/I-M/I-L)
- Rf Applicator: Bipolar
- Shockwave Frequency: 1-18Hz
- Screen: Big Color Touch Screen
- Highlight: **4MHz Home Beauty Machine,**
Home Beauty Machine 110V,
Home Beauty Machine 220V

Product Description

Product Description:

The machine is equipped with a big color touch screen that displays all the necessary information for easy operation. The screen is user-friendly and easy to navigate, allowing you to adjust the settings according to your preference. It also has a frequency of 4MHz, which ensures that the treatment is fast and efficient.

In addition, the machine is equipped with a shockwave frequency of 1-18Hz, which aids in breaking down cellulite and reducing fat deposits in the body. This feature makes it an excellent tool for body contouring and shaping.

The RF Beauty Equipment is perfect for those who want to achieve salon-quality results in the comfort of their own home. It is an E Light Beauty Machine that is easy to use and does not require any professional training. The machine is also portable, compact, and easy to store, making it ideal for those who have limited space.

If you are looking for a reliable and effective home beauty equipment, the RF Beauty Equipment is definitely worth considering. It is a versatile machine that can provide a wide range of beauty treatments, and it is perfect for those who want to achieve professional results without leaving their home.

Features:

Product Name: RF Beauty Equipment

Language: Multi-language

Keywords: Laser E-light Ipl Machine

Delay Interval: 0-3s

Action: IC Equipment

Rf Applicator: Bipolar

Features:

HIFU RF Machine

Face Beauty Equipment

Facial Beauty Devices

Technical Parameters:

Delay Interval	0-3s
Keywords	Laser E-light Ipl Machine
Target Area	Body/Face/Legs/Arms
Language	Multi-language
Screen	Big Color Touch Screen
Colors	White
Frequency	4MHZ
Rf Polar	Monopolar
Suitable For	Beauty Clinic/centre/salon/home Use
Rf Applicator	Bipolar

This product is a Home Use Beauty Machine that can also be used in Beauty Clinic/centre/salon. It is an Aesthetic Medicine Equipment and Cosmetology Equipment that has a big color touch screen, multi-language support, and supports the following keywords: Laser E-light Ipl Machine. It has a monopolar Rf polar and a bipolar Rf applicator. The target areas are Body/Face/Legs/Arms and it is available in white color. Its frequency is 4MHZ and it has a delay interval of 0-3s.

Water vortex suction pen

Up to 92KPA negative pressure suction, combined with the hot and cold adjustable mode, can instantly explode the solution into hydrogen ionized water with a concentration of up to 1480ppb, combined with rotary hydrodynamics to clean the cuticles and hair follicles and increase skin elasticity. Super suction After precise calculation, humanized strengthening suction, clean in place and does not hurt the skin to absorb dirt, absorb blackhead acne, remove oil and dirt, deep clean skin.

Pore depth cleaning: up to 92KPA negative pressure suction, can effectively remove dirt, oil and impurities in the cuticle of the skin.

Hydrokinetic suction: The suction can be adjusted according to different skin conditions, and will not pull and damage the skin. Adsorption metabolic residue: 0 pain non-destructive vacuum negative pressure adsorption of excess oil and dirt, blackheads, old waste cutin and residue. Hydrogen oxygen cleaning: The special water substructure of hydrogen ionized water can penetrate into the cuticle and hair follicle, wash the pores and remove yellow gas at the same time.

Bipolar micro current

Micro-current +HR thermal frequency dual mode, the bipolar HR thermal frequency can accurately control the energy transmission, so as to achieve a more in-depth and uniform heat energy distribution, this heat energy directly hits the reticular dermis, stimulate the production of deep skin collagen, make the skin tighter and more elastic, effectively improve wrinkles, relaxation and other aging phenomena. Bipolar microcurrent introduction and enhancement technology, through the application of complex biological radio waves to the skin, stimulate the skin deep cells, rearrange the cells, provide the cell nutrition absorption force, while the micro-current can stimulate the collagen fiber to restore elasticity, enhance muscle elasticity, and effectively lift and tighten the facial contour. Eye anti-aging: The exclusive masseur for the skin of the eye, for dry lines around the eye, sagging bags, let the skin spring and moist, from top to bottom, tight contours.

Contour shaping: bipolar heat frequency stimulates collagen recombination under the skin. For corners of eyes, jawline, from the inward

Oxygen
injector

Through the nano jet oxygen injection technology, the high concentration of oxygen and the nutrients blasting into nano molecules are injected into the deep skin quickly and evenly on the basis of painless and non-invasive, improving the skin's absorption rate of nutrients. Nano essence + pure oxygen synchronous injection not only has the effects of moisturizing, moisturizing and whitening, but also can improve the skin dullness, roughness, acne and other problems. Make the skin more healthy, smooth and elastic.

Nano oxygen injection: Nano jet, directly into the base layer of non-invasive nutrients, double improve the nutritional efficacy.

Deep nourishment: pressure breaks the essence molecules, converts large molecules into small molecules, atomizes the skin to improve nutrient absorption.

Cosmetology Integrated Instrument Obsidian M6

Ice hammer

Using the principle of thermal expansion and contraction, physical cooling, -5°C , one second cooling, release the ice force, from the epidermal penetration into the deep skin, reduce the skin redness, swelling, swelling, pain, by cooling the red and sensitive skin to play a calming effect, but also reduce the rising skin temperature, effective skin care; Help to shrink capillaries, improve red blood lines, make pores

Tighten the skin, shrink pores, beautify and tenderize the skin.

Cold and soothing: physical cooling, relieve skin red, swollen, itchy repair skin.

Astringent pores: lock nutrients, astringent pores, delicate skin.

Peeling machine

The use of 38000HZ/s high-frequency vibration, high-frequency vibration effect will instantly atomize water, soften emulsified sebum, dandruff, crush dirt, rounded corner design, slightly concave arc to fit the skin contour, accurate and multi-dimensional removal of dead skin and support different skin types of scene operation, can easily remove dead skin cells, improve cuticle problems, make skin delicate and smooth. Comfort and care: 0 pain without damage, intelligent system automatic sensing trigger mode, comfortable spa kinetic energy body feeling. Skin purification: remove the dirt on the skin, make the skin clean and bright again, support the operation of dry and wet skin.

Warm waveguide inlet

Through the ultra-high penetrating force of 3-400 W/s micro-vibration, the nutrient composition is micro-sized and the cell permeability is improved.

Make nutrients penetrate 4-6mm under the skin, which can not only help the skin absorb more nutrients, but also activate the skin

Skin elastic tissue, increase the elasticity and gloss of the skin, make the skin look more tender, firm and elastic.

Applications:

One of the primary applications of this machine is hair removal. The IPL technology targets the melanin in the hair follicles, destroying them and inhibiting their growth. The RF energy, on the other hand, stimulates collagen production, resulting in smoother and firmer skin. This makes it an ideal solution for people looking for a painless and long-lasting hair removal option.

The LZR su5 is also an excellent choice for skin rejuvenation. The RF energy penetrates deep into the skin, promoting cell regeneration and improving skin elasticity. The IPL technology, on the other hand, targets age spots, sun damage, and other pigmentation issues, resulting in clearer and brighter skin. This makes it an ideal solution for people looking to reverse the signs of aging and improve their overall skin tone and texture.

Another popular application of this machine is acne treatment. The IPL technology targets the bacteria that cause acne, reducing inflammation and preventing future breakouts. The RF energy, on the other hand, stimulates collagen production, reducing the appearance of acne scars and improving skin texture.

Thanks to its monopolar RF polar and 50W RF power, the LZR su5 is a powerful and effective machine that can deliver quick and long-lasting results. Its 4MHZ frequency ensures that the energy is distributed evenly, ensuring maximum efficacy without causing any damage to the skin.

In summary, the LZR su5 CET RET RF Machine is a versatile and effective cosmetology equipment that can be used for hair removal, skin rejuvenation, acne treatment, and more. It is a must-have for any beauty clinic or salon looking to provide their clients with the latest and most effective treatments.

Customization:

Support and Services:

Our RF Beauty Equipment is designed to provide effective skin rejuvenation and anti-aging treatments. If you require technical support or services for your product, we are here to help. Our team of experts can assist you with troubleshooting, repair, and maintenance of your equipment to ensure it continues to function optimally. We also offer training and education on the proper use of the equipment to help you achieve the best possible results for your clients.

FAQ:

A: The brand name of this RF beauty equipment is LZR.

Q: What is the model number of this RF beauty equipment?

A: The model number of this RF beauty equipment is su5.

Q: Where is this RF beauty equipment manufactured?

A: This RF beauty equipment is manufactured in China Guangzhou.

Q: What is the function of this RF beauty equipment?

A: This RF beauty equipment is used for skin tightening, face lifting, and wrinkle removal.

Q: Is this RF beauty equipment suitable for all skin types?

A: Yes, this RF beauty equipment is suitable for all skin types.
