14 functions

clean hair follicles

Extremely hydrating

Nano atomization

boost firmness

exfoliate

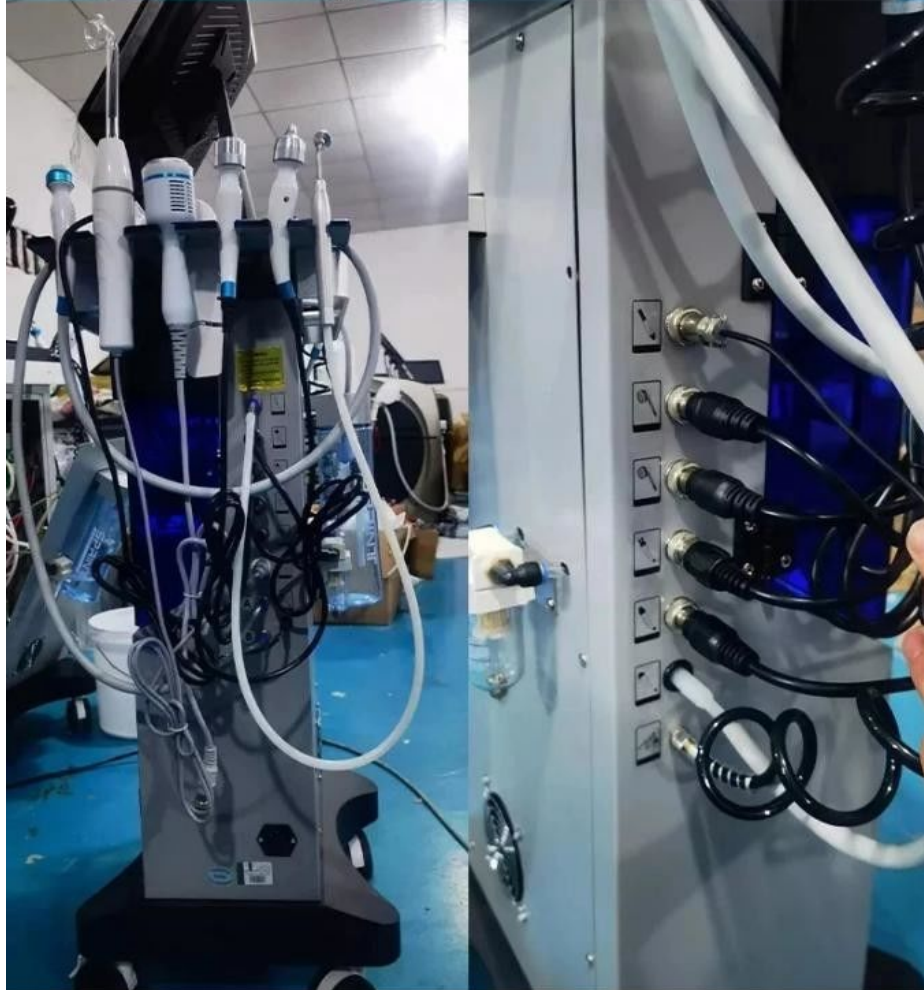

Calm the skin

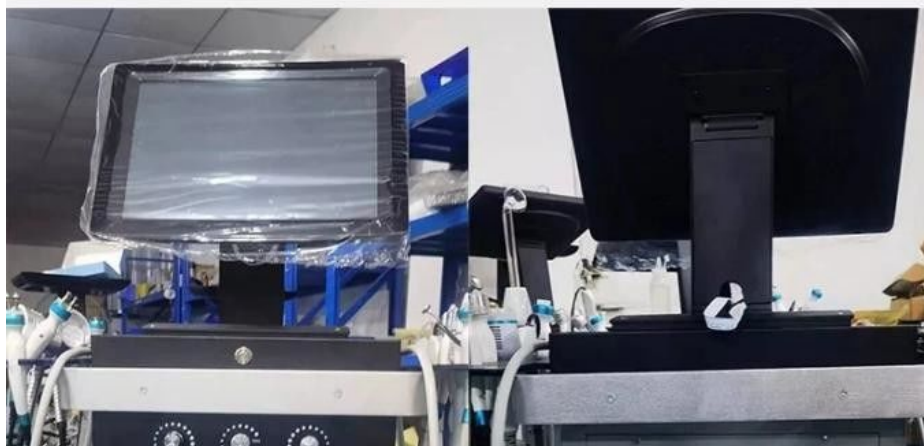

Blue light antibacterial

real pictures

real pictures

deep conditioning skin care

The specially designed small spiral nozzle directly acts on the skin. In a comfortable state, it deeply cleans and sheds the aging epidermal cells, allowing the nutrient essence and moisture to penetrate into the skin tissue more easily, and quickly remove excess oil and aging keratin. At the same time, it introduces soothing and repairing factors to enhance the skin barrier function, improve skin texture, reduce pores, and return the skin to a moist and plump state.

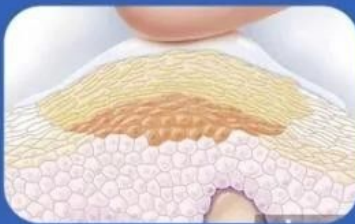

clean

Deeply cleans the skin, softens the keratin and removes the dirt inside the skin

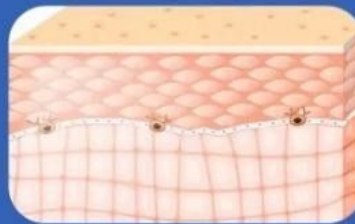

conditioning

Regulate the internal environment of the skin, antibacterial, anti-inflammatory, soothing, and promote the synthesis of collagen.

Repair

Repair the stratum corneum, promote epidermal proliferation, fibroblast production, and repair the skin barrier.

balance

Balance skin oil, shrink pores and firm skin.
