

## RF / EMS / LED Shallow Guide Instrument For Facial Collagen Introduction

### Our Product Introduction

for more products please visit us on [hifubeauty-machine.com](http://hifubeauty-machine.com)

#### Basic Information

- Place of Origin: China Guangzhou
- Brand Name: LZR
- Certification: CE
- Model Number: Q2
- Minimum Order Quantity: 1
- Price: confer
- Packaging Details: Standard export packing
- Delivery Time: 5-8days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 1000 Piece/Pieces per Month

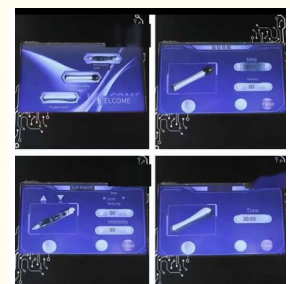

#### Product Specification

- Key Words: Hyaluronic Acid Injection
- Other Name: Shallow Water Guide Optical Machine
- Power Supply: Rechargeable Battery
- Treatment Area: Face Neck Body
- Input Power: 24W
- Technology: Radio Frequency And Nanocrystalline
- Voltage: 110-240V
- Usage: Facial And Body Beauty Treatment
- Technologies: RF, EMS, LED
- Highlight: **RF Shallow Guide Instrument, EMS Shallow Guide Instrument, LED Shallow Guide Instrument**

## Product Description

### Shallow Guide Instrument For Facial Collagen Introduction, Nano Microcrystalline Needle Free Water Light Moisturizing An

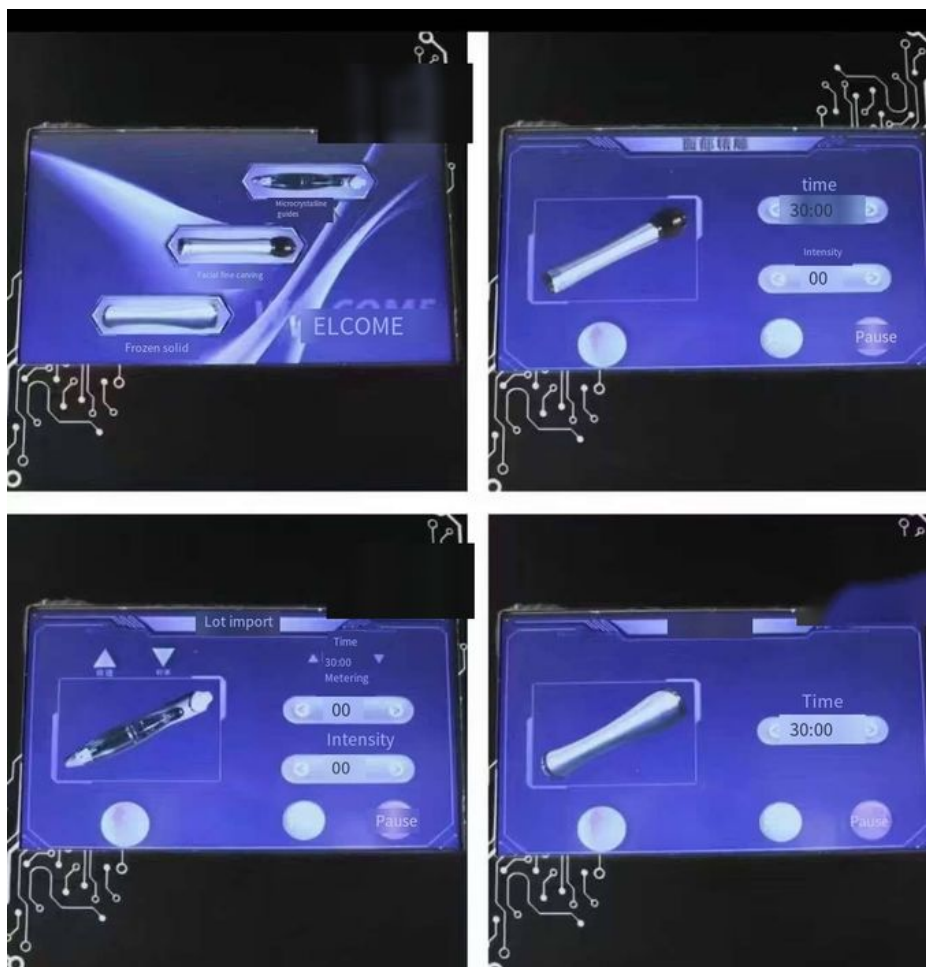

nanocrystalline

- Fractional RF Non-invasive Skin Treatment
- Stretch Marks Treatment
- Fractional RF Skin Resurfacing Device
- Micro-needling
- Collagen Production

The M8 RF Crystallite is specifically designed for Fractional RF non-invasive skin treatment, making it a safe and effective option for various skin concerns such as fine lines, wrinkles, acne scars, and hyperpigmentation. It also provides effective treatment for stretch marks, improving their appearance and texture.

The micro-needling feature of the M8 RF Crystallite stimulates the production of collagen, a key protein that contributes to the skin's elasticity and firmness. This results in a more youthful and radiant complexion.

With the M8 RF Crystallite, you can achieve beautiful and rejuvenated skin without the pain and downtime of traditional fractional RF treatments. Experience the power of advanced technology and indulge in the luxury of gold with the M8 RF Crystallite.

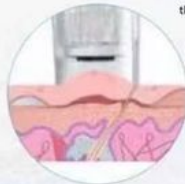

# Nanocrystalline introduction

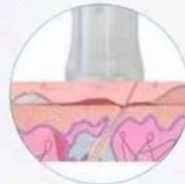

## Not afraid of time to reshape youth and beauty

Through the principle of mechanical phased motion, combined with a specific matrix chip, the layer is fixed and positioned on the skin surface to quickly form thousands of absorption channels. At the same time, with the intelligent motion dispensing program, the quantitative delivery of nutrients, skin care products can directly enter the skin through the channel formed by the chip and be absorbed by the skin, in order to achieve the effect of regulating various skin problems

Schematic diagram of skin compression at the end of the operating head

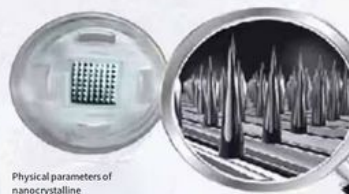

[ The skin is raised, and the operation of the head will scratch the skin, redness and even allergy ]

[ Smooth skin, comfortable experience sensitive skin can also operate ]

Dr. Xu Bai's invention patent lists the excellent mechanical properties of monocrystalline silicon, physical anisotropy and the unique piezoresistive effect of semiconductor materials.

- A. High biocompatibility (can be used to make implantable medical device materials);
- B. The hardness is better than stainless steel, and it is the most commonly used material in nanocrystalline (microneedles).

Physical parameters of nanocrystalline

High purity monocrystalline silicon	99.99% non-metal material	About the diameter of a hair
Nanocrystalline diameter	49nm non-breaking and non-invasive	1/1000 of a thousand
Nanocrystalline length	350nm means passing through the stratum corneum	

---

**FAQ:**

- Q: What is the brand name of this Fractional RF Machine?  
A: The brand name is Alyusen.
- Q: What is the model number of this product?

- A: The model number is ALS332.
- Q: Where is this product manufactured?  
A: This product is manufactured in China.
  - Q: Does this product have any certification?  
A: Yes, it is certified with CE.
  - Q: What is the minimum order quantity for this product?  
A: The minimum order quantity is 1.
  - Q: Is the price negotiable for this product?  
A: Yes, the price is negotiable.
  - Q: How is this product packaged?  
A: It is packaged in a flight case.
  - Q: How long does it take for this product to be delivered?  
A: It takes 5-7 days for delivery.
  - Q: What are the payment terms for this product?  
A: The payment terms are negotiable.
  - Q: Is OEM/ODM service available for this product?  
A: Yes, this product has the ability for OEM/ODM service.
