Product Description

Double Max Professional HIFU Beauty Machine With 5.0mm-25mm Scope And 1.0mm Step Spacing

Product Description:

The HIFU Beauty Machine has an energy output of 0.1J-2.5J, with a step of 0.1J. This allows for precise and customizable treatment according to individual skin needs. The vertical body type makes it easy to use and store, and the length can be adjusted from 5.0mm to 25mm, with a step of 1.0mm. This makes it ideal for treating different areas of the face and body, including the neck, chin, and forehead. The HIFU Skin Regeneration Device is also versatile, as it can be used in combination with other beauty treatments, such as the Hydrafacial Beauty Machine. This combination can enhance the results of both treatments, giving the skin a more youthful and radiant appearance.

The HIFU Skin Regeneration Device comes with a compact packing size of 60*44*46cm, making it easy to transport and store. Its overall specification is 64 X 81 X 131 Cm, providing ample space for the device to work effectively.

In conclusion, the HIFU Skin Regeneration Device is an innovative and effective way to rejuvenate the skin, using advanced HIFU technology. Its customizable energy output, adjustable length, and versatile use make it a must-have in the beauty industry.

Features:

Product Name: HIFU Beauty Machine

Material: ABS

Energy Type: HIFU (High Intensity Focused Ultrasound)

Lamp Longevity: 300,000 Shots (IPL)

Scope: 5.0mm-25mm

Length: 5.0 - 25mm (1.0mm / Step)

This HIFU Beauty Machine is a powerful and versatile device that can be used for a variety of beauty treatments. It is an effective HIFU Face Lift Device that can lift and tighten the skin, giving you a more youthful appearance. The HIFU Skin Regeneration Device can also help to regenerate the skin, reducing the appearance of fine lines and wrinkles. With its versatile scope of 5.0mm-25mm and length of 5.0 - 25mm (1.0mm / Step), this HIFU Face Lift Device is the perfect tool for a wide range of beauty treatments.
