## Product Description

### Product Description:

The HIFU Beauty Machine is a revolutionary Targeted Focused Ultrasound Beauty Device that offers intense ultrasonic beauty treatment for effective results. This advanced HIFU Face Lifting and Tightening Equipment is designed to provide professional-grade beauty treatments in the comfort of your own home or salon.

One of the key features of this HIFU Beauty Machine is its portable size, making it convenient to use anywhere. Whether you are a beauty professional looking to offer cutting-edge treatments to your clients or an individual seeking to enhance your beauty routine, this compact device is perfect for on-the-go use.

The lamp longevity of this HIFU Beauty Machine is impressive, with a capacity of up to 300,000 shots (IPL). This ensures long-lasting performance and durability, making it a cost-effective investment for your beauty care needs.

With a length range of 5.0 - 25mm and adjustable in 1.0mm steps, this HIFU Beauty Machine offers customizable treatment options to suit your specific preferences and needs. Whether you are targeting specific areas of concern or looking for an all-over beauty treatment, this device provides the flexibility you need.

When it comes to power supply, the HIFU Beauty Machine can be easily operated with an input voltage of AC100V-240V, ensuring compatibility with various power sources for added convenience.

Constructed with high-quality ABS material, this HIFU Beauty Machine is durable, lightweight, and easy to clean. The sleek design and ergonomic build make it comfortable to use for extended periods, while also adding a touch of sophistication to your beauty regimen.
